

## Miraculous Benefit RECEIVED FROM Dr. Miles' New Heart Cure.

**ELI P. BARBOCK**, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Babcock & Munsell Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from sciatica which affected my heart in the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

## COLONEL W. J. BRYAN

Nebraska Orator Interviewed  
Relative to the Late  
Election.

**EXPRESSES HIS OPINIONS**

Gives Reasons For Not Taking an  
Active Part In Campaign—Now Exercises  
a Citizen's Privilege of Talking.  
Does Not Consider It a Sweeping  
Victory—The War a Factor.

Lincoln, Neb., Nov. 16.—Colonel W. J. Bryan last night gave out the following interview relative to the late election:

"While I do not understand that service in the volunteer army prevents a soldier from expressing opinions upon political questions, I declined to take part in the late campaign lest I should be accused by partisan opponents of attempting to embarrass the administration. Now that the election is over, I shall exercise a citizen's privilege of discussing the returns."

"Compared with the election of 1896 the Republicans have gained in some places and lost in others. It was not a sweeping Republican victory. On the whole the result is not surprising when it is remembered the administration is just concluding a successful war. While a majority of the soldiers are anti-Republican, the management of the war has been entirely in Republican hands, and the strongest argument used during the campaign was that a Republican defeat would discredit the president in the eyes of foreign nations, while his commissioners were engaged in making a treaty."

"It was not a trial upon the issues now before the public, but a successful plan for the continuance of the case. The people have not accepted the gold standard; they have not fallen in love with the plan to give the banks a monopoly of the issue of paper money; they have not decided to retire the greenbacks; they have not surrendered to the trusts."

"These questions were forced into the background by the declaration of war, but they must be faced again as soon as peace is restored. The Chicago platform presents for public consideration certain vital, economic questions. That platform has not been abandoned by those who endorsed it in 1896. It will be reaffirmed in 1900, because it gives expression to the hopes and aspirations of a large majority of the party."

"When the Democrats, Populists and Silver Republicans favored Cuban independence, they understood that that would give a temporary advantage to the party in power, but they were willing to risk defeat in order to aid the people fighting to be free. Neither can the election be regarded as an endorsement of any definite foreign policy. Until a treaty of peace has been entered into and the terms made known the people cannot pass judgment upon it."

Whether the war will raise any question of sufficient importance to turn public attention away from domestic problems remains to be seen."

**LI HUNG CHANG**

Ordered by the Empress Dowager to Proceed to Yellow River.

Peking, Nov. 16.—Li Hung Chang has been ordered to proceed to the Yellow River, to be excused from the appointment to consult with the viceroy of the province of Shan Tung as to the steps to be taken to prevent any further overflowing of the Yellow river, pleading age and infirmity as his excuse. He had a special audience on the subject with the dowager empress, and the latter, while thanking him for his services to the throne, requested the Chinese statesman to proceed to the Yellow river without delay.

In some quarters it is believed Li Hung Chang's appointment is due to the

death of the Master Key.

A doctor who prescribes a dozen different remedies for the symptoms of one disease is like an old-time turnkey lugging about a ponderous bunch of keys, each one to open a different door. When anyone's blood is thin and watery and poisoned with bilious impurities this condition will show itself in every part of the body and the average doctor gives one medicine for the stomach, another for the head, a third for the lungs and so on; as if each particular symptom was a separate dungeon of misery to be unlocked with its own particular key; but the scientific, experienced physician looks deeper and seeks the one master-key which unlocks them all.

Thirty years ago Dr. R. V. Pierce, of Buffalo, N. Y., found the wonderful "Golden Medical Discovery" which has since made him famous. It is the perfect master-key which unlocks every torture chamber of weakness and pain caused by faulty action of the digestive system. It gives the stomach and blood-making glands power to produce the healthy blood which drives out all impure disease germs and waste products, builds up healthy tissue, solid muscular flesh and nerve energy.

Mr. J. W. Britton, of Clinton, Dewitt Co., Ill. (P. O. Box 475), writes: "For over a year I was troubled with 'liver complaint,' had no appetite, could keep nothing on my stomach and had severe pains in my stomach and bowels. I doctored with home doctors but did not obtain relief until a friend advised me to take Dr. Pierce's Golden Medical Discovery. After taking four bottles I think myself cured, as I can eat anything I want and my food never hurts me. Thanks for your medicines. I cannot say too much in favor of them."

For constipated conditions Dr. Pierce's Pleasant Pellets are the best simple, comfortable laxative. They never gripe. Accept no substitutes or imitations.

## SINCE THE WAR

Money Believed to Be the Only Means of an Early Settlement.

Paris, Nov. 16.—The Spaniards declare that their refusal to sign a treaty based on any Philippine terms thus far suggested by the United States is irrevocable. They say that they do not and cannot view the taking of the Philippines as anything else than a wanton ravishment of their possessions, unless it is accompanied by a financial compensation of appreciable size.

Therefore, the turn of events in the peace conference depends upon the purpose or the willingness of the American commissioners to extend their financial terms. Spanish sovereignty in the Philippines is now clung to by the Spaniards chiefly as a means to obtain financial relief, if possible. It is almost purely a matter of money now, if the amount be large enough to absolve the Spanish government from possible charges by their creditors that the collateral has been given away.

A Spaniard who is posted to exact status of affairs said last evening that he did not believe that the Spanish commissioners would take their final stand at to-day's session, although he thought it possible that they might finally decline to continue the discussion except within the limits of Spain's construction of the protocol.

This is another way of saying Spain may cease her contentions. Should she do so she would make an open protest to the world against "spoliation."

**Colonel Williams' Body.**

Havana, Nov. 16.—The remains of Colonel Williams, late of Jeffersonville, Ind., chief quartermaster, were conveyed yesterday to the steamer Saratoga, for shipment north. Rear Admiral Sampson, General Wade, General Butler, Colonel Clons, the British consul, a number of friends of the deceased and the American newspaper correspondents accompanied the body from the cemetery to the wharf. The route followed by the funeral procession was lined by crowds of people. The casket containing the remains was covered with the stars and stripes.

**Nothing to the Public?**

New York, Nov. 16.—A representative of the Chapman-Merritt Wrecking company was asked yesterday about the report that the contract of the company with the government made the former responsible for the Spanish cruiser Infanta Maria Teresa from the time she left Santiago until she should reach Norfolk, Va. He said: "We have nothing to say on this matter. All that we know is newspaper talk. Besides it is not time for the public to know anything of the matter."

**May Not Sign Peace Treaty.**

Madrid, Nov. 16.—According to semi-official statements here, the Spanish peace commissioners will maintain their present attitude in regard to the Philippine islands and will certainly not accept the conditions of the United States. Further, if the discussion does not return to the limits of the protocol, the Spanish commissioners have decided, in spite of contrary reports, not to sign a treaty of peace.

**As to Don Carlos' Loan.**

Madrid, Nov. 16.—The Imparcial, commenting upon the loan which Don Carlos, the pretender to the Spanish throne, is said to have raised in London, says: "Evidently the English are abetting an outbreak of civil war in Spain, with the object of securing additional territory at Gibraltar. The Americans employed the same methods to become masters of Cuba."

**Shall Not Be Deferred.**

Washington, Nov. 16.—The government has renewed and strengthened its determination that the Spanish evacuation of Cuba and the American occupation shall not be deferred beyond Jan. 1 next. This conclusion has been communicated to the Spanish government within the last few days.

## PORTER HEARD FROM

Special Commissioner For the United States Submits His Report.

**MANY VALUABLE REMARKS**

He Testifies to the Courtesies Shown Him by Spaniards and Cubans Alike. Most Pressing Need of the Island Is a Tariff, Says the Commissioner. Fraud Has Prevailed.

Washington, Nov. 16.—Hon. Robert P. Porter, special commissioner for the United States to Cuba and Porto Rico, presented his report to the president and secretary of the treasury yesterday. The report submitted contains about 60,000 words, and goes very fully into the financial and economical condition of Cuba, analyzing the budget of that island for 14 years, showing the sources of income and the causes of expenditure. There are some supplementary reports yet to be made.

There are also among the data and the testimony collected many valuable general statements in relation to the financial, industrial, commercial and social condition of the island of Cuba, which form a nucleus for a report on the possibilities for American enterprise and the opportunities for American capital and labor when the more pressing question of the government and revenue and taxation of the island have been settled.

Mr. Porter in the opening of his report testifies to the consideration and courtesy shown him by Spaniard and Cuban alike, in both civil and military positions, in furnishing him information for his report. The Cubans engaged in business and the military commanders in the field, from Gomez and Rodriguez down, have alike shown their sympathy in the work entrusted to Mr. Porter by the government of the United States and proffered their services in its prosecution.

In the consideration of the Cuban question it became apparent that the most pressing need of the island was a tariff that would bear lightest in the direction where the people could least afford the burden of taxation and heaviest on commodities which the well-to-do and those engaged in large enterprises required. Commissioner Porter says:

"The Spanish tariff was made by Spaniards, for Spain, in the interests of the Spaniards. That seems to be the only principle in it. On any other theory it was inexplicable. In adopting for an emergency measure the rate of duty which Spain levied for her own commodities, the United States acted wisely. Those rates were, however, full of inequalities and were not levied on any sound principle, but on the heads Spain wins, and tails Cuba loses, idea, which prevails in the whole fiscal fabric. It was found that the only way to remedy the inequalities—equalize the rates of duty, improve the administration and to reduce the rates of duty on all articles of general consumption, was to practically frame a new tariff."

It has not been thought advisable to make radical changes in the administrative branches, nor to change weights and measures into United States equivalents, because the people of Cuba are accustomed to the metric system. United States currency, however, has been substituted for the Spanish peso. This will simplify the collection of duties, as custom duties at the present time are collected in Cuban ports in possession of Spain in three different classes of currency, gold, silver and bank notes, all (even the gold) fluctuating in value. The tariff thus proposed, and the adoption of which by the United States when the military forces take hold of the custom houses, reduces all duties about 40 per cent on the old Spanish rates, and will average fully two-thirds less than the rates now exacted by the authorities in Cuban ports in possession of Spain.

The report also contains an analysis and discussion of the Cuban budget, in which the effect of the new tariff on the revenue of the country, together with the other sources of revenue, are explained and discussed. To the question, with such a large reduction of duties, how is it possible to secure revenue for the purpose of administering the government of the island, the report says: "There are several answers to this question, and the facts bearing on the subject are given in full in the proper place in the report. The general answer is, that, by reason of fraudulent classification and smuggling, most of the revenue collected from the people of Cuba never found its way into the treasury of that island nor of Spain."

Mr. Porter returns to Cuba this week and will spend a week with General Wood at Santiago. He will then go to Cienfuegos and will be there Dec. 1, when, it is hoped, the new tariff will be put in force at that place. Mr. Porter's report was highly commended by both the president and Secretary Gage.

## IN A MUDDLE

Mutual Loan and Homestead Association Embarrassed.

Peoria, Ill., Nov. 16.—The stockholders and shareholders of the State Mutual Loan and Homestead association, with offices in this city, have just held a meeting and considered the advisability of asking for the appointment of a receiver. The association has been in existence five or six years, and the affairs are in a bad muddle. E. M. Ames, the ex-secretary, is now a resident of Chicago. At a meeting the directors were called upon for an explanation, and several arguments ensued between them. Attorney I. C. Edwards made charges against Ames. Several weeks ago the books were examined by a representative from the state auditor's office, but the result was never announced here. Mr. Ames says the books were all right.

## IN DISGRACE

Austrian Nobleman Leaves Camp For Parts Unknown.

Lexington, Ky., Nov. 16.—Baron Waldreck de Villamil, an Austrian nobleman and a captain of the Seventh volunteer infantry (immunes), is in disgrace and has left for parts unknown. A few days ago he was discharged from his regiment for various offenses, principal among which was refusing to pay his debts. He owed money to many officers and men and had large accounts with several merchants. Creditors attached his sword and his uniform, but he later secured clothing and skipped out. Villamil claimed to be a cousin to the late empress of Austria and sent a telegram of condolence to the emperor at the time of her tragic death.

## DRAINAGE CANAL

Illinois Valley Association to Call a Meeting of Interested Parties.

Peoria, Ill., Nov. 16.—Martin Kingman, chairman of the Illinois Valley association, which has for its object the protection of the rights of the inhabitants of the valley in the drainage canal enterprise, has concluded to call a meeting of representatives of the canal interested to consider what is best in the interest of the people.

Mr. Kingman will send a letter giving the date and place of meeting to the mayors of the valley cities. Mr. Kingman said that the valley people look to the law being regarded to the letter by Chicago, and anything short of obeying the law will be fought. He stated further that the valley people are in favor of carrying work forward, provided it means what the law provides, a ship canal.

## CASE OF DRAPER

Accused of Murder, He Is Indicted For Perjury.

Jacksonville, Ill., Nov. 16.—Charles L. Draper, who killed Charles Hastings in 1897, is here to stand trial for perjury. Since the last trial, when he was turned loose at Jerseyville, he has remained out of the city, probably at St. Louis, where he has influential friends, who have succeeded in securing him employment. He has come with his lawyer, Colonel D. Pat Dyer of St. Louis, and will first apply for a change of venue.

The cause of the indictment is the fact that at the coroner's inquest he testified that he knew nothing of the murder.

**An Important Difference.**  
To make it apparent to thousands,  
who think themselves ill, that they are  
not afflicted with any disease, but that  
the system simply needs cleansing, is to  
bring comfort home to their hearts, as  
a positive condition is easily cured by  
using Syrup of Figs. Manufactured by  
the California Fig Syrup Co. only, and  
sold by all druggists.

A representative of the REPUBLICAN  
called at the jewelry store of J. G. Lau-  
pus this morning and found that he  
had added an elegant line of cut glass  
to his stock. The stock includes both  
useful and artistic pieces and all in the  
latest styles of cut glassware. It will  
pay you to call and see the goods. 2.

county Teachers' Association will be  
held at Brownstown November 25 and

arranged. Every teacher in the county

writes as follows: "I am fully aware of the  
merits of Cleveland's baking powder, having  
used it constantly for the last year, both in school  
and lecture work. In the lectures which I have  
given during the Winter, and shall still con-  
tinue with until Summer, I have taken particular  
pleasure in recommending it to the public."

**CARMI, ILL.**  
Corn husking is now the "topic."

Frank Brooks will soon have his new  
cottage near Carmi ready for occupancy.  
Mr. and Mrs. Frank Smith visited  
Sam Smith and wife Saturday and Sun-  
day.

We were all much interested in Jack-  
son county's election and are glad that  
the people won.

We have not had any big rains  
this fall and the roads are consequently  
tolerably good yet.

Aunt Polly White's injured limb  
seems to improve very slowly and still  
gives her much pain.

Mrs. Henry Kern and Mrs. Wm.  
Long of Spraytown, arrived Monday to  
visit their children here.

Mr. and Mrs. Geo. Cross and daugh-  
ter, Oma, will attend the street fair at  
Evansville one day this week.

Frank Smith took the premium of-  
fered by the Enfield Express for the  
largest pumpkin. It weighs 74 pounds.

Geo. W. and Frank Cross are both  
members of Carmi bands, the former of  
the K. of P. band and the latter of  
Sauer's band.

Mr. Joseph Ackerman of Seymour, is  
visiting his brothers, John, Henry  
Frank and Ed, who reside here, and  
looking after his farm interests in  
"Egypt."

Win Williams and family left Mon-  
day a week ago, for his old home near  
Spraytown to reside in future. We are  
sorry Mr. Williams was not well satis-  
fied in "Egypt" and left us.

There was a pleasant family reunion  
at L. M. Cross's Sunday, all of his child-  
ren and grandchildren being present.  
A sumptuous dinner, of which turkey,  
chicken and cake were some of the im-  
portant features, was spread. So with  
this and music the day was very pleas-  
antly spent. His daughter, Mrs.  
Louden leaves for her home near  
Mooney, Ind., today.

The Miasma and Arkansas fevers  
have struck the Sal creek colony of  
"Egypt" and we fear that if it continue  
long it will decimate our numbers.  
But if there are cheaper lands and a  
better chance to get on in the world in  
these climes that malady will not be  
the unmitigated evil we regard it when  
our friends leave us. Dick Waggoner  
with his family started Tuesday last in  
a prairie schooner for Stoddard coun-  
ty, Mo., and Charley Acton and family,  
who resided in Gallatin county, started  
to Arkansas about the same time.  
James Acton had gone only a short  
time previous and is residing near Dex-  
ter, Mo.

**CHURCH NOTES.**  
The congregation was good last night  
at the Baptist church. The sermon on  
"They Shall See his Face," was one  
calculated to arouse a new zeal and love  
in the hearts of the people of God.  
That vision of his face will call many a  
glad memory of earth and give a bright  
anticipation of the bliss of eternity.  
To the lost the vision of his face will  
not be a glad sight but will call up the  
son of earth and the punishment to  
come for it. You can now prepare for  
the sight of his face and so be able to  
see him with gladness and love. Come  
to night and hear Mr. Smith, service at  
2:30 and 7:30. All are welcome.

**Millions Given Away.**  
It is certainly gratifying to the public  
to know of one concern in the land who  
are not afraid to be generous to the needy  
and suffering. The proprietors of  
Dr. King's New Discovery for Consump-  
tion, Coughs and Colds, have given away  
over ten million trial bottles of this great  
medicine and have the satisfaction of  
knowing it has absolutely cured thou-  
sands of hopeless cases. Asthma, Bron-  
chitis, Hoarseness and all diseases of the  
throat, Chest and Lungs are surely cured  
by it. Call on W. F. Peter, druggist and  
get a trial bottle free. Regular size 50c  
and \$1. Every bottle guaranteed or price  
refunded.

**Revival Meetings.**  
Rev. A. Burns, of Hartsville, begins a  
series of meetings at the Christian  
church on Fourth street, which will  
continue through this week and most  
likely longer. Tonight his subject will  
be "The Christian, a Light." The pub-  
lic is cordially invited.

**CORTLAND**  
Little Hattie Dixon is not so well.

Aunt Betty Day, who has been very  
sick, is improving.

Is it possible the Hummer has just  
now discovered that W. W. Isaacs made  
a good trustee. We have known that  
fact ever since the aforesaid gentleman  
assumed his role of office.

R. D. Hays and his sister, Mrs. Anna  
Woodmansee went to Columbus Sat-  
urday to attend the funeral of their  
step-mother, Mrs. Thomas Hays, who  
died at Orange, N. J.

We have it on good authority that  
the "moon" has gone into eclipse "sine  
die." The last seen of it was Nov. 8.  
We can well do without that luminary,  
since the light of intelligent voting  
Nov. 8 will cast such a radiance over  
the affairs of the county that its record  
may be read at midnight for a long  
time to come.

The Hummer claims that Hamilton  
township is in debt four thousand dol-  
lars. He says this on his own authority  
and it is all a wild guess. The town-  
ship is only eighteen hundred dollars  
in debt and this was contracted before  
Mr. White assumed the duties of trust-  
ee. We know this because we have  
taken the pains to find out. The books  
are open and the people have a right to  
know the truth.

On Thursday Nov. 21, Southern In-  
diana railway will sell excursion tickets  
to all points within 150 miles, at rate of  
one and one-third fares for the round  
trip. Tickets good returning up to and  
including Nov. 25.
